Confirmation #4080
Correspondence 03/02/2002

Dear Initial Patent Examiner:

We were pleased to submit responses as requested in your 03/03/2002 correspondence. Since that time We have had several requests to make the following clarifications to our revised application forwarded to you on April 02/02.

If this can be done? It will correct an obvious omission and provide a better understanding of the proposed, but not limited system of key code entry with debit transactions.

1. Add page 15 to the contents page.
2. Add page 15 clarifying Debit Transactions.
3. Add omitted screen # 3 to the top of page 8.

Each page is enclosed for your review and replacement in the revised application dated 03/29/02.

Any new charges, necessary departmental forms or information to incorporate these corrections at this time would be greatly appreciated.

Thank you for your help.

Sincerely yours,

Russell B. Huffman
